A. COMMERCIAL CONCESSION GUIDELINES, FEES AND CHARGES

Sydney Olympic Park Authority Regulation 2012

Details relating to fees may be found under **Part 5 Miscellaneous** of the *Regulation*. Clauses 23 to 27 of the Regulation provide (in part) the following:

23 Fees

- (1) *The Authority may charge and recover a fee for any authorisation it gives or any service it provides under the Act or this Regulation.*
- (2) *The services for which a fee may be charged include the following:*
 - (a) *supplying a service, product or commodity,*
 - (b) *giving information,*
 - (c) *providing a service in connection with the exercise of the Authority's regulatory functions—for example, receiving an application for an approval or a certificate, granting an approval, making an inspection and issuing a certificate,*
 - (d) *allowing admission to a sportsground or to any building or enclosure.*
- (3) *In particular, the Authority may charge a fee for inspecting premises that are reasonably required to be inspected in the exercise of the Authority's functions, whether or not the inspection is requested or agreed to by the owner or occupier of the premises.*
- (4) *However, the Authority may not charge a fee for the inspection of premises that are not used for a commercial activity, except where it is necessary to inspect the premises in connection with an application for an approval or a certificate concerning the premises or in connection with any inspection that is reasonably necessary to determine if an approval or a certificate has been complied with.*
- (5) *If inspections of premises are reasonably necessary to determine if an approval or a certificate has been complied with, a fee may not be charged for the inspection of any thing for which the Authority relies on a certificate under section 93 of the [Local Government Act 1993](#) that the thing has been done in compliance with the approval or certificate.*
- (6) *A fee charged for inspecting premises must be repaid to the person who paid it if the inspection is not carried out*

24 Determination of amount of fee

- (1) *The Authority must determine the amount of a fee it proposes to charge before it can impose the fee.*
- (2) *The Authority may, from time to time, determine to increase or decrease the amount of a fee that has been determined under this clause.*
- (3) *In making a determination under this clause in respect of a fee for giving an authorisation, the Authority must take into consideration the following factors:*
 - (a) *the cost to the Authority of giving the authorisation,*
 - (b) *the nature of the authorisation given.*
- (4) *In making a determination under this clause in respect of a fee for providing a service, the Authority must take into consideration the following factors:*
 - (a) *the cost to the Authority of providing the service,*
 - (b) *the price suggested for that service by any relevant industry body or in any schedule of charges published, from time to time, by the government department or agency engaged in the administration of the Act or statutory instrument under which the service is provided,*
 - (c) *the importance of the service to the community.*
- (5) *The cost to the Authority of providing a service in connection with the exercise of a regulatory function need not be the only basis for determining the fee for that service.*
- (6) *A higher fee or an additional fee may be charged for an expedited service provided, for example, in the case of urgency.*

25 Effect of other Acts and statutory instruments

- (1) *If the amount of a fee for a service is determined under an Act (other than the Act) or statutory instrument, the Authority may charge a fee in addition to the amount determined under the Act concerned or the statutory instrument.*
- (2) *If the charging of a fee for a service is prohibited under an Act, the Authority must not charge a fee for that service.*

26 Authority may waive or reduce fees

The Authority may waive payment of, or reduce, a fee (whether expressed as an actual or a maximum amount) in a particular case if the Authority is satisfied that the case falls within a category of hardship or any other category in respect of which the Authority has determined that payment should be so waived or reduced.

27 Schedule of fees

The Authority may, from time to time, publish a schedule of fees that may be charged by the Authority, whether the fees are determined under the Act or this Regulation or under another Act or statutory instrument.

This Policy sets out the fees and charges and the related procedure for various services provided by SOPA.

B. COMMERCIAL CONCESSIONS POLICY

1. Purpose

1.1 The Commercial Concessions Policy ("**Policy**") describes the policy and operational framework for fees and charges for commercial concessions for SOPA at Sydney Olympic Park. It excludes those areas in Sydney Olympic Park under lease, licence or other occupancy agreements.

2. Legislative Basis

2.1 Various provisions under Part 2 Clause 4 of the Regulation form the legislative basis for this Policy. Clause 4 includes the following:

4. Commercial and other activities

A person must not do any of the following at Sydney Olympic Park, except as authorised by the

Authority:

- (a) *sell or hire, or offer for sale or hire, any article,*
- (b) *provide, or offer to provide, any services for fee, gain or reward,*
- (c) *supply, or attempt to supply, (including by selling or attempting to sell) a ticket for admission to a sportsground,*
- (d) *use any audio, loudspeaker or broadcasting equipment or camera (whether photographic, cinematic or video), for a commercial purpose,*
- (e) *distribute any advertising matter or display any advertisement (other than on a vehicle driven by the person or on any clothing worn by the person),*
 - (i) *distribute a brochure, leaflet or hand bill,*
 - (j) *conduct a wedding,*
 - (k) *collect or attempt to collect money,*

- (ii) *bring a vehicle into Sydney Olympic Park which leaks an excessive amount of oil onto a sealed surface,*
- (jj) *moor a vessel (otherwise than by securing the vessel to a wharf of the Authority) or tie a vessel to any vegetation.*

3. Scope

3.1 This Policy aims to procure concessions and facilitate activities that:

- (a) achieve fair market return;
- (b) support commercial, recreational and promotional activities of stakeholders;
- (c) maximise public use and enjoyment of Sydney Olympic Park;
- (d) enhance visitor services;
- (e) do not erode the potential earnings of venue operators.

3.2 This Policy utilises the following principles:

- (a) concession charges for the use of the public domain are market based and recognise that the site is a prestigious, world-class icon that requires considerable expenditure to maintain at a premium standard;
- (b) all assessments of applications for concessions must include a comprehensive risk assessment;
- (c) SOPA will seek market-based returns from commercial concession arrangements;
- (d) the procurement and management of concessions will comply with the Government's standards of probity and transparency and will follow due process;
- (e) all concessions must comply with statutory planning requirements, SOPA's Environmental Guidelines and relevant regulations;
- (f) nothing in the policy varies the requirements of the Parklands Plan of Management which must be adhered to at all times.

4. Authorisations

4.1 Refer to the Authorities Manual for current delegations approved by the SOPA Board, the nominated officers under the Regulation may, subject to SOPA's Commercial Concessions Guidelines, authorise the following at Sydney Olympic Park:

5. Responsibility

5.1 Commercial Unit is responsible for monitoring and implementing the Policy. The contact officer is the Property Officer (9714 7275).

Other Units affected by this Policy will be consulted on implementation of the Policy.

6. Operational Framework – Commercial Concessions

Responsible Department: Commercial Services

6.1 The following requirements apply to commercial concessions:

- (a) Application for either a long-term or a temporary commercial concession must be made in writing, using the 'Precinct Activity Application' available on the SOPA Website (*Resource Centre/Forms*).

- (b) The Director, Legal & Property will assess applications to ensure all aspects relating to risk, probity, insurance, fees and charges, environmental compliance and operational matters have been satisfied, including the matters set out in "*Terms and Conditions for Site Hire* " (see **Schedule A**). Other SOPA divisions will be included in the assessment when exercise of the concession impacts on their area of responsibility.
- (c) Long-term concessions may be licensed for 12 months and are generally granted to service providers other than food and beverage (eg people movers, bike tours, merchandising).
- (d) Short-term concessions are generally granted for single events.
- (e) Successful applicants must execute a Licence prior to occupation. The terms of the Licence may vary depending on the particular needs of the activity or event.

7. Operational Framework – Filming Concessions

Responsible Department: Operations (Filming & Licences Coordinator)

Refer: Pol 11/4 Permitting Filming and Photography in the Public Domain

8. Special Concessions

8.1 Charity Collectors

Requests to utilise Sydney Olympic Park as a charity collection point (most frequently in conjunction with major events) are to be treated as a request for a concession.

8.2 Busking

Busking is permitted at Sydney Olympic Park, subject to SOPA's approval and execution of a Licence. The cost of a Licence is based on the number of performers, and the space occupied. SOPA reserves the right, at its sole discretion, to approve or decline applications from buskers, or to terminate the approval for a person to busk without notice.

9. Approvals

- 9.1 Approval of applications is at the absolute discretion of SOPA who may take into consideration the nature of the concession activity or Film shoot, the locations required for the purpose, and any other information SOPA considers relevant.
- 9.2 The Licensee must abide by any conditions stipulated in the approval and the Licence.
- 9.3 The Licensee must ensure its employees, agents and contractors are aware of the Licensee's obligations and responsibilities under the Licence and receive a copy of the approval conditions and Licence, as required.
- 9.4 SOPA will not warrant that the approved location is suitable for any use.
- 9.5 SOPA seeks a superior level of professionalism from the Licensee in the use of SOPA property or in conducting activities at Sydney Olympic Park. SOPA reserves the right to remove a Licensee (or its employees and agents) from the site whose behaviour or conduct does not achieve the required standard (including dress, interaction with the public, compliance with Licence conditions, or other issues determined reasonably by SOPA).

9.6 Approval for use of the Cauldron is subject to the terms of the Cauldron Policy.

10. Use of name "Sydney Olympic Park"

10.1 The Licensee must, acting in good faith and in consultation with SOPA, use the name "Sydney Olympic Park" in its signage, promotional activity or sponsorship arrangements either as part of or in connection with the event.

11. Fees and Charges

11.1 General Principles

- (a) SOPA acts in a commercially responsible manner in determining the fees and charges. Any price determination must include a risk assessment. In principle, SOPA will seek to cover all its costs from fees and charges when they are directly related to the activity and are not reasonably recoverable from other services.
- (b) SOPA is to observe the "NSW Government Policy Statement on the Application of Competitive Neutrality, January 2002".
- (c) Charges are levied in accordance with the provisions of this Policy. Applications for exceptions to the policy are to be made to the Executive Manager, Commercial Services.

11.2 Basis for Fees and Charges

Fees and charges are set out in **Schedule A** and are reviewed periodically. The determination of fees and charges recognises that:

- (a) as Sydney Olympic Park is an open site, there could be an expectation that concessions are free and diminished in value. A charge indicates that concessions are screened and are regarded as having worth;
- (b) as economic benefits are different to some commercial users (Film shoots compared to food concessions) different rates may be applicable;
- (c) for some concessions, a rate based on sales may be more appropriate. If a percentage of turnover is levied in addition to flat fees and charges, the following guidelines may apply:

licensed liquor outlets -	12.5%
food and beverage outlets -	12.5%
merchandise outlets -	10%
other -	10%

- (d) profit share arrangements require approval from the General Manager, Commercial and Corporate but should generally be avoided.
- (e) there is a need to achieve a satisfactory financial return to SOPA balanced against a requirement to provide affordable, appealing concessions to attract patrons to the precinct.

11.3 Cancellations

SOPA reserves the right to charge:

- (a) a cancellation fee or a wet weather cancellation fee as set out in **Schedule A** where the required notice of cancellation is given; or
- (b) all or part of the site hire fee and any operational costs incurred for the event if the required notice of cancellation in **Schedule A** is not given.

11.4 **Community Groups**

A base charge to ensure cost recovery will be levied to Community Groups.

11.5 **Promotional activities**

Fees and charges as a commercial concession will be levied for Promotions.

11.6 **Advertising activities**

Advertising Activities require SOPA approval and will be levied fees and charges as a commercial concession.

11.7 **Sports promotional activities**

A discount will be applied for sports promotional activities that do not include a retail component and are directly related to a sporting event at a venue. The objective is to allow promotion of a sporting code at the same time as an event featuring that code is to be held at the venue. For example, a NRL promotion (non-retail) in a Red Zone coinciding with a NRL event in an adjoining venue.

11.8 **Set up and removal costs**

The fees and charges are based on SOPA providing staff to facilitate set up and removal during the following periods:

Start bump in		5 hours before event
End bump in	Minor Event:	1 hour before the gates are open to the public
	Major Event:	3 hours before the gates are open to the public
Bump out		Either during the event or 1 hour after the event

Bump in end includes removal of vehicles, trailers (and other items requested by SOPA at its discretion) from the precinct, to allow SOPA to commence traffic management and related activities for the event. Minor set up may continue up to the event.

SOPA may charge an additional fee if the Licensee requires either an extended or additional bump in or bump out periods for the event. This fee will be applied towards SOPA's costs in providing additional staff to supervise the licensed area and surrounds during the extended period.

12. **Licensed Area**

12.1 The licensed area, for the purposes of granting the Licence and calculating the fees and charges, includes:

- (a) the area required to carry out the approved activity including the area in which a structure relating to the approved activity ("**Structure**") is erected by the Licensee; and
- (b) the area surrounding a Structure that is utilised by the Licensee for the purposes of conducting the approved activity.

12.2 Where more than one Structure is required and the Structures are located near each other, SOPA reserves the right to treat the combined area as one site.

12.3 Where a large area and numerous Structures are required, a defined area must be identified for the Licence for risk management and liability purposes. SOPA will determine an appropriate fee for the area.

13. **Bonds**

13.1 This clause applies where a Licence requires the Licensee to pay a bond to SOPA.

13.2 The Licensee must pay the bond prior to the commencement date of the Licence ("**Commencement Date**"). The bond may be paid by either cash, cheque, credit card or where appropriate, bank guarantee.

13.3 The amount of the bond will be determined by the following criteria:

- (a) the value of the SOPA asset affected by the Licence; and
- (b) the potential damage to SOPA's assets resulting from the Licensee's use of the licensed area.

13.4 The Licensee may pay the bond by:

- (a) personal cheque or company cheque, if payment is made 10 business days or more prior to the Commencement Date;
- (b) bank cheque or bank guarantee, if payment is made less than 10 business days prior to the Commencement Date;
- (c) cash or credit card payments, which must be made in person on or before the Commencement Date at the office of SOPA located at 7 Figtree Drive, Sydney Olympic Park.

13.5 SOPA may use the bond in whole or in part to recover costs incurred by SOPA for:

- (a) "make good" of damage caused by the Licensee or related to the Licensee's activities under the Licence;
- (b) the Licensee's breach of the terms of the Licence.

13.6 SOPA will either return the bank guarantee to the Licensee or refund the bond paid by other means to the Licensee by electronic funds transfer if:

- (a) written advice is received from the relevant SOPA divisions that there are no circumstances that warrant withholding either part or all of the bond; and
- (b) the Licensee has not breached the terms of the Licence.

13.7 Any dispute regarding SOPA withholding either part or all of the bond will be determined by the Executive Manager, Commercial Services.

14. Sponsorship and Advertising

14.1 The Licence will contain provisions relating to advertising and sponsorship requirements. Requests for advertising must be referred by the Executive Director, Commercial Services to the Planning and Design sections of Operations and Sustainability Unit for approval.

15. Insurance and Indemnity

15.1 On or before the Commencement Date of the Licence, Licensees must provide evidence of insurance policies that comply with the following requirements (as applicable):

- (a) broadform public liability insurance for at least \$10,000,000 per occurrence (or other amount as determined by SOPA at its discretion) and in the aggregate for product liability;
- (b) the policy to be extended to protect the interests of SOPA for any vicarious

liability arising out of the Licencee's or Film company's activities under the agreement;

- (c) all insurance to be underwritten by an insurer approved by SOPA and authorised by the Australia Prudential Regulation Authority (APRA) and/or carry a minimum Standard and Poors rating of BBB+ or the equivalent rating by another recognised rating agency;
- (d) any excess or deductible amount to be shown on insurance certificates.

Higher insurance coverage may be required depending on the scale and nature of the activity and potential risk or injury to the general public and/or SOPA property and equipment.

15.2 The public liability insurance must be in the name of the Licensee, be current and note that SOPA is an interested party, unless the statement of currency has sufficiently broad territorial or beneficiary coverage to ensure that it extends to any claim by SOPA.

15.3 The Licence will contain a provision indemnifying SOPA against all claims for damages and compensation.
